ANTIOCH, ILLINOIS, THURSDAY, SEPTEMBER 15, 1966

VOL. LXXXI. NUMBER 12

Good-natured in spite of the defaulting of their fellow Lions Club members, Jim Olson, Jim Corrigan, Walter Shepard and Dr. Chuck Solar spent the better part of last Sunday getting the Antioch pool ready for winter.

Massive Turnout of Lions For Pool Clean-Up

Lions Club members are well-known for their noble response when called on to work for the good of the community. Witness their trial by fire as they roast hundreds of chickens each year, their quick response with brain and brawn whenever fund-raising events are scheduled. But last Sunday, we must sadly report, something went awry.

One of the Lions' projects is the Antioch pool, and pools, in case you don't know, are a lot of work. Last Sunday was the day scheduled to put the pool to bed for the winter, no small chore if damage is to be avoided.

Four—count 'em, four—Lions showed up at the pool Sunday in response to Pool Chairman Chuck Solar's call for help. Jim Olson, Walter Shepard, Jim Corrigan and

Chuck Solar labored lone-somely through the golden autumn day, while truant Lions no doubt laughed and played at more congenial occupations.

Doc Solar rather sadly remarked that he had considered calling the Rescue Squad, as that would bring at least two Lions rushing to the scene. However, someone in need of aid got there first, and the squad went rushing past the pool on urgent business elsewhere.

Well, the pool was finally settled down for the winter. And at least four Lions have clear consciences.

Variety of Subjects at ACHS Evening School

"Sports widows" will get a chance to "bone up" on their husband's favorite sport in one of the new courses to be offered in adult evening school at Antioch Community High School this fall.

Sports Appreciation is the new course being offered to persons who would like to understand some of the fundamentals of sports of which their knowledge is scanty. Another new course is conversational French.

Registration for evening school is now open. Classes will start September 26. Interested persons may register at the High School office from 7:30 a.m. to 4:30 p.m.; evening registration will be held Wednesday, Sept. 21, and Thursday, Sept. 22, from 7 to 8:30 p.m.

Arthur Blecke is Director of the adult evening school.

The days that classes will be held will be determined after enrollment, according to the convenience of the majority of the enrollees. The evening school sessions will run for ten weeks. All courses except shorthand (\$15) will cost \$10, with a registration fee of \$1 extra.

Courses being offered this year are bridge, drawing and painting, intermediate art, books and coffee, adult recreation, physical fitness, sports appreciation, ballroom dancing, Spanish, French, German, beginning and intermediate typing, business machines, shorthand, basic insurance, basic bookkeeping, beginning and intermediate sewing, home furnishing and decoration, metalworking and woodworking, First Aid, Preparation for Citizenship.

Charles Percy, campaigning on Main St., in Antioch for election as U.S. Senator, would like to see the kind of voter turnout on Nov. 8 that Monday's headline proclaimed in Viet Nam—83.2 per cent. Left to right, Harris Rowe, candidate for State Treasurer; Chuck Percy, and Ray Page, up for re-election as State Superintendent of Schools.

Owner Claims Lost Monkey

The mystery of the wandering monkey in Antioch was finally cleared up Sunday when the animal's owner claimed her.

A Chicago man, reports Garnett Odds, police clerk, claimed the monkey. She was not present at the time and couldn't find a record of the man's name. Garnett said she believed the man spent the day in the Antioch area, and discovered the monkey was missing when they were almost back to their Chicago home.

The monkey was found roaming through yards in Antioch last week. Police captured and took her to the police station, where she was installed in a cage. The monkey appeared to be unhappy with her home, and the Antioch police were not regretful when she was claimed.

Center Works To Catch Cancer Early

During the first half of 1966, the George and Anna Portes Cancer Prevention Center of Chicago, Inc., was visited by 3,614 people from greater Chicagoland. Of this number 15 were from the Antioch-Lake Villa area, while the remainder were from Chicago, its suburbs, and such fringe cities as Gary, Whiting, Lockport, Waukegan, and Kankakee.

In making these figures public, Dr. Caesar Portes, the Center's Medical Director said: "I am most gratified by the continuing interest that Chicagans are showing in the Center and in its educational program. When the Center was established 23 years ago, it was with the belief that more lives could be saved if the public was fully alerted to the importance of early cancer detection."

"As a result," he continued "an educational program stressing cancer's principal danger signals and the importance of early cancer detection was developed at the Center. To date, more than 135,000 people have visited the Center and participated in its cancer detection program which it maintains as part of the educational facility."

Established in 1943, the George and Anna Portes Cancer Prevention Center of Chicago, Inc., which is the second oldest cancer detection center in the United States and the only institution of its kind in the state of Illinois, currently occupies a converted townhouse at 17 West Huron Street. A not-for-profit organization dedicated to cancer education and the importance of early cancer detection, it has since its inception stressed the value of periodic physical examinations.

PWP Schedules Sept. Meetings

Parents Without Partners, Inc., of Kenosha lists their coming September activities: Sept. 9-8 p.m., meeting of Board of Directors at Eve Greisen's home, 7207 37th Ave.

Sept. 11—Children's Activity at Red's Roller-Rink, 5407 8th Ave.

Sept. 13-8 p.m. business meeting at Guild Hall.

Sept. 21—Coffee and conversation at the home of Lorraine Snow, 5006 33rd Ave.

Sept. 24—Bowling at Guttorf's Lanes.

Sept. 27—Meeting at the Guild Hall. James H. Fowler, Principal of Mary D. Bradford High School will speak on "Your Children as We See Them."

Stock Another C.D. Shelter

Civil Defense provisions for 80 people were delivered to the Illinois Bell building on Lake St. in Antioch Monday, the second shelter in Antioch to be approved for use in a major disaster. The basement of the Antioch Community High School was stocked for shelter use two years ago.

Four more shelters are "in the works" for Antioch, according to Civil Defense Director Ed Frazier. To be inspected for use as a shelter in the near future are the basements of the Antioch Savings and Loan building and the First National Bank.

Purchase of a warning siren is delayed while Frazier and a village board committee seek information and bids from companies specializing in manufacturing the sirens. A representative of the Great Lakes Equipment Co. is expected to be in Antioch this week to "look Antioch over" to determine the size siren needed and submit a bid.

Mr. and Mrs. Frazier attended the Northwest Civil Defense Council meeting held in Summit, Ill., last Sunday.

Lake Region Jaycees Plan Dinner Meeting

The Lake Region Jaycees are planning a dinner meeting for 7:30 p.m. Sept. 20 at The Angels north of Antioch. An orientation program will be presented and anyone interested in joining the organization is invited to attend and find out what the purpose, aims and activities of the Jaycees are.

A film, "Bear Highlights of 1965," will be presented during the meeting. Anyone interested in attending can call Jack Christiansen at 395-2400.

The Jaycees are also planning a trap shoot for Sept. 25 at the club grounds of the NICC.

Traffic Deaths Up 17 Per Cent

Traffic deaths in Illinois in August totaled 224, according to provisional reports released last week by the Division of Highways of the Illinois Department of Public Works and Buildings and the State Highway Police. This is a decrease of 9% from the 245 deaths in August last year.

Total traffic deaths for 1966 in the first eight months now stands at 1,601 for Illinois. This is an increase of 17 per cent over last year, when 1,374 deaths were recorded in the same period.

Late reports and delayed deaths increased the June fatality total of 186 and the July total of 228.

Fire Destroys Antioch Home

The home of Mrs. Celia Walsh in Wedgewood Subdivision was destroyed by fire Sunday morning. Antioch firemen were called at 5:46 a.m., but were unable to save the house. The residence was ablaze and the roof burned when the firemen arrived.

The fire was discovered by a motorist on Route 173 who reported it to the Antioch police. The police turned in the alarm.

Mrs. Walsh was in the hospital at the time of the fire and the house was unoccupied. Cause of the fire was not determined.

Damage was estimated between \$10,000 and \$15,000.

Two grass fires brought firemen to the scene last week. One was in Sabrina Manor Subdivision. Firemen were called at 11:30 a.m. Sept. 10. They were also called at 4:45 p.m. Sunday to a grass fire in California subdivision on Route 173 west of Antioch.

Cancel Cycle Races At State Fair

Disturbances created by fleets of brawling motorcyclists in Springfield during the Illinois State Fair have caused cancellation of the motorcycle race plans for next year.

Suspension of the National Championship Motorcycle races at the 1967 State Fair was announced by General Manager Franklin Rust.

"The decision to suspend the race for the 1967 exposition came after 'much consideration' by the State Fair Advisory Board, 'and with much regret,' Rust said.

"Our regret stems from the disappointment we know will be felt by the thousands of motorcycle fans and the many American Motorcycle Association members who have loyally supported this event and whose conduct has been above reproach."

It is due to minority element disturbances that this decision has been reached. This fringe element has made it necessary for many extra law enforcement officers to be called to duty in the Springfield area. This same element has caused disturbances and committed actions which have been a nuisance to our citizens. This minority group has also, this year, carried some of these undesirable actions to surrounding cities which are not prepared to handle them."

Tentative plans for the '67 race program are to continue with the Stock Car and 100-mile automobile races.

Antioch's Water Clearing Up With Treatment

Treatment of Antioch's water with Aquadene is bringing results, reports Charles Mapiothorpe, superintendent of the water department.

Several people have reported that they have less "rust" in their water, Todd says, while others report rushes of orange water as the treatment clears mineral deposits from water mains and plumbing.

The fire-department flushed out mains at the south end of town last week, Todd reported, and on Gary Drive. Water from the south mains was very rusty but the Gary Drive main was fairly clear.

Rescue Squad Calls Made

The Antioch Rescue Squad took Loren Weimer, 180 Lakewood Drive, Antioch, to the clinic for treatment on Thursday, Sept. 8, at 1:30 p.m., suffering from a possible heart attack.

Mrs. Kockowski of Felter's subdivision was taken to Victory Memorial Hospital by the squad September 9.

Martin Goulding, 30, of Venetian Village, suffered an electrical shock at 11:15 a.m. Sept. 9 and was taken to Victory Memorial Hospital.

The squad aided Mary Frazier, 42, of Spring Grove, Sept. 10 when she had difficulty breathing.

Rich Gesalis, 14, was taken to the clinic for treatment Sept. 11 with a lacerated right foot.

The squad was called to the scene of an accident on Route 173 west of Antioch at 8 p.m. Sunday, Sept. 11. A car driven by Clifford Oberg Channel Lake, collided with one driven by Willis Shannon, Channel Lake. Mrs. Mary Shannon, a passenger in the car driven by her husband, received a bruised left forearm and a laceration of the forehead.

The squad was called to the scene of another car accident on Sept. 13. Dennis Pogose, involved in the accident, refused treatment.

Former Resident Slips, Breaks Arm

Mrs. Leslie Heath, P. O. Box 504, Nokomis, Florida, a former resident of Antioch, is convalescing at home after spending a few days in the hospital due to a broken arm. Mrs. Heath fell while working in a candy store, breaking her arm. She's at her Florida home.

GOP Candidates Tour Antioch

Three Republican candidates for public office in the November 8 elections—Charles H. Percy, Harris Rowe and Ray Page—started a month-long grass roots tour of Illinois Monday, with Antioch one of the first stopping places on their busy schedule.

Charles Percy is a candidate for U.S. Senator; Ray Page seeks re-election as State Superintendent of Public Schools; and Harris Rowe seeks election to the office of State Treasurer. William Scott, the incumbent, cannot succeed himself.

The three candidates were accompanied on their tour of Antioch by a bevy of local officials of the Republican party, office holders and members of their campaign organization. Robert Milton, Lake County Republican Chairman, and John Conolly, State Representative, accompanied the group.

The three candidates toured the Antioch Industrial Acres and the Quaker plant, then gathered on Main St. with the individual candidates popping in and out of Antioch businesses to meet the townspeople and talk with them.

The Republican candidates' tour started in Grayslake Monday morning. From Antioch, the group was to proceed to Lindenhurst, then Waukegan, Mundelein, Barrington, Crystal Lake and Chicago with dinner meetings for Charles Percy, in Woodstock and for Page and Rowe in Barrington.

The caravan will be on the road Monday, Tuesday and Wednesday of each week until November 2, leaving the rest of each week for the candidates to fulfill their individual engagements.

Charles Percy said that he felt the issues which rouse the most concern in voters are the war in Viet Nam, racial disturbances and rising prices. Workers' wages, he said, are not keeping pace with the rising prices.

To combat inflation, he said the Federal government should sharply curtail spending. All Federal construction, such as post offices, he said, should be cancelled until the war in Viet Nam ends.

Percy said he would not recommend calling a halt to such programs as Head Start and the War on Poverty, but felt much waste could be cut out, thus further reducing Federal spending.

President Johnson's recent actions to combat inflation Percy termed "too little, too late."

Percy called attention to a headline in a Monday issue of a Chicago newspaper—"83.2% vote in Viet Nam."

"This is what I'd like to see in Illinois," he said. "We can usually expect a 50% voter turnout. Surely more than 50% of the voters in Illinois should care enough about their government to vote."

Mark's Castle, at the corner of Routes 173 and 45 is operated by Mark Turner, chairman of the Antioch Township Democratic organization.

Mayor Joe Armondo, of Fox Lake, candidate for State Representative in the 31st District, will officially kick off his campaign at the Sept. 16 meeting. The public is invited and refreshments will be served.

Former vice president Richard Nixon will make a flying visit to the First Congressional District of Wisconsin next Wednesday on behalf of the candidacy of Republican candidate for Congress Henry Schadeberg.

Nixon will arrive at Racine Horlick airport at 3 p.m. Sept. 21 and will leave at 3:45 p.m. He will be accompanied by Schadeberg. Both a public appearance and a press conference are planned.

Nixon will be at Rock County airport at 4 p.m., and will be there for 45 minutes.

Democrats Gelling Ready For Nov. 8

Antioch Township Democrats will meet at Mark's Castle tomorrow (Friday) night to coordinate party activities in the township for the coming election on November 8.

Mark's Castle, at the corner of Routes 173 and 45 is operated by Mark Turner, chairman of the Antioch Township Democratic organization.

Mayor Joe Armondo, of Fox Lake, candidate for State Representative in the 31st District, will officially kick off his campaign at the Sept. 16 meeting. The public is invited and refreshments will be served.

Frustrating
Law Enforcement

Police chiefs throughout Illinois will be waiting for the Attorney General's ruling on the legality of the police acting as prosecutors in magistrate's courts.

The restrictions on the police under Illinois Judicial Act is one of the most frustrating restrictions the officer has to face. In effect, he can see all his hard and sometimes dangerous work go for naught because the municipality he represents is not large enough to afford a full-time lawyer. When a case comes before the judge, he can only act as a witness. He can not ask questions of the defendant to bring out points that might have a bearing on the case. For this reason, many cases are dismissed for lack of prosecution.

The usual price for an attorney to represent the village or town in such cases would be \$50 a day, we are told. And it would still cost \$50 if only one case were concerned. That's simply more than a small municipality can afford.

In case the Attorney General rules that police chiefs can not act as prosecutors, an alternate plan is being considered by some of the local municipalities. They would "chip in" to hire an attorney to represent several communities in the same area.

One way or the other, we hope something is done to help the police in law enforcement. We can't expect a lessening of vandalism, traffic violations and other crimes until the offender is convinced that there's a real risk that he'll be unpleasantly punished for his offense.

Courthouse Notebook

BY LOU DURKIN

Expressions of approval for the determined stand taken by Waukegan Mayor Robert Sabonjian during recent outbreaks of violence in the shore line, indicate a strong antipathy toward civil rights adherents is held by many whites.

The latent fear and hatred have brought to the surface in Waukegan because the incidents happened there and any sense of objectivity the Waukegan residents might have held was wiped out by the proximity of the violence.

The letters of approval and support which Mayor Sabonjian's firm position generated indicate that political advisers of Barry Goldwater who wanted to exploit a "white backlash" sentiment in 1964 were on the right track, but might have been a little early.

The politically unrealistic effort on the part of some well-wishers to run the Waukegan Mayor as an "independent" write-in candidate for U. S. Senator is a manifestation of this white backlash attitude.

Many politicians who have been reluctant to speak out on the race issue are taking heart from the largely approving response elicited by Sabonjian's action and you can expect more hard-nosed resistance to race disorders. Unfortunately, not all the mayors are as adept as the sometimes rough and ready Sabonjian and the tactics he used so successfully can lead to tragedy in other areas.

As for "the Rock's" political future he would be less than a political human if he was not flattered and even influenced by the nationwide attention he has attracted, but Sabonjian is also a realist and an astute politician.

He is well aware that an abortive write-in campaign for Senator is doomed to failure. He is also well aware that he has caught the fancy of many whites in the state and overtures from those who would run him for Governor two years hence will certainly get an audience.

Sometime between now and 1968, however, Sabonjian will have to pick a definite party to cling to if he

hopes to ride his present popularity to the Governor's mansion.

Speaking of Governors, former Governor William G. Stratton and his charming wife, Shirley, made one of their few public appearances in this area recently.

Occasion was the opening of Paul and Harriet Serdar's new fur-salon at Wadsworth. The former governor was greeted warmly by such local political leaders as Waukegan City Clerk Howard Guthrie, Circuit Clerk Stephanie Sulthlin, and Jack Hogan, of Jaenot Farms.

While the ladies exchanged views on fashion Gov. Stratton and Serdar, who served two terms as Chairman of the Illinois Racing Commission under the Lake County native, discussed the low state to which racing has fallen and there were words of a strictly political nature as well.

The selection of Fox Lake Mayor Joseph Armondo as a candidate for State Representative to succeed William Hartnett on the Democratic ballot was a good move on the part of the Democrats. Armondo is familiar to Democratic voters having been the Demo candidate for sheriff four years ago and he should serve to pull out a good Democratic vote in western Lake County.

Getting into the race this late militates against his chances for success, but he should help the rest of the ticket.

Thanks to a crowded Sunday calendar that included the Waukegan Township Republican organization picnic and the Republican Federation dinner W. J. Murphy, candidate for re-election to the Illinois legislature, had a legitimate excuse for passing up the "open house" at the new joint headquarters of Cong. Robert McClory and Senate Aspirant Charles Percy in Libertyville.

Murphy did appear at the Federation, outing where he was greeted with more warmth than that organization ever accorded him before the well-known purge;

By Pearl Kapell

An hour-long special on traffic accidents, their causes and some possible remedies was on TV last week, sponsored by General Motors. And it would serve a very good purpose to have a similar program on TV every week, possibly with portions of it localized in varying areas.

Watching the program brought home to drivers some common faults. You're sure to be reminded that you've become lax over some small safety point in driving—maybe some big point.

General Motors may have gotten the program together to take some of the heat off cars as the main source of accidents. The program covered faulty drivers, faulty signs, faulty roads and some coming improvements in car design that can minimize injury.

Driver Education, and more and better driver education, was recommended. Some instances of the result of a really intensive drive for teen age driver education were cited. For example, Flint, Mich., after an epidemic of teen age traffic deaths—thirteen in one year, put an intensive driver education program into the high school. Result, one teen age death the next year. The lives of 12 youngsters every year would be worthy of a considerable expenditure.

Even the good driver education schools come a long way from covering all the ground they could. How about advanced education in how to cope with skids, with actual training on icy pavements and loose gravel? Or what to do if your brakes fail as you start down a long hill? Or if you're faced with a car in your lane as you come over a hill? Any driver who hasn't faced one of these emergencies wonders if he'd react properly if he found himself in this spot. Finding out in traffic results in deaths.

Mandatory drunkometer tests, revoking licenses (an unpopular measure that few legislators dare to back), better roads were all recommended for cutting traffic deaths and injuries.

The program showed the disastrous results of road signs placed at the wrong height, so that they sliced through windshields when hit. Light posts that sheared off on impact could save many lives and are available.

Many lives could be saved if all the knowledge that has been gained were used. Why isn't it? Because the average man doesn't want to spend the money, or risk having his activities curtailed. And probably that's because no one ever believes that he will be the one to die in a traffic accident.

Letters to
the EditorTo the Editor of the
Antioch News:

After the item telling about my bout with surgery appeared in the "News", I had a deluge of cards, notes, telegrams, letters, prayers, phone calls, gifts, and gorgeous flowers.

When one leaves the old home town he expects to be somewhat forgotten. Not so! I've never craved limelight, but this has been glorious!

I'm well on my way to complete recovery and the resumption of my usual activities.

Sincerely,

Hester Garland

Handy Storage

Store out-of-season and seldom-used clothing in large plastic garbage cans. Clothing will be kept clean and dry.

The former House Majority Leader will be honored at a golf outing at Cherry Hills Country Club, McHenry County, Wednesday, Sept. 21, and reports from Ticket Chairman William Zeigler indicate a capacity crowd.

UNICEF Starts Chicago Center

An information and publication center devoted to the Nobel Peace Prize-winning United Nations Children's Fund will be opened in Chicago on Sept. 12, it was announced here today.

Staffed entirely by volunteers, the UNICEF Center will be located at 22 West Madison and will be open Monday through Friday from 10 a.m. to 4 p.m., and on Saturdays from 10 a.m. to 1 p.m. (Room 340, phone 332-4127).

Besides UNICEF Greeting Cards, the Center will offer materials for the popular Trick or Treat for UNICEF program, in which some 3.5 million American boys and girls will participate on Hal-

loween. Available also will be books, games, records, posters, pamphlets and brochures. The Center will serve churches, organizations, schools, churches and individuals.

Sponsored by the U.S. Committee for UNICEF, a non-profit organization, the Center will be directed by Mrs. Don M. Gibbons, also a volunteer.

UNICEF is currently aiding the world's needy children and mothers through more than 500 long-range programs in over 100 countries. Its annual budget, depending entirely on voluntary contributions, is equivalent to what is spent on world armament in two hours of one day.

Dr. SIMS
says...SAFEGUARD
YOUR HEALTHA PUBLIC SERVICE OF THE
ILLINOIS STATE MEDICAL SOCIETYLEARN THE FACTS ABOUT
EMPHYSEMA

Did you know that emphysema—a chronic lung condition—is more prevalent than lung cancer and tuberculosis combined?

In fact, the Social Security Administration provides more disability allowances for workers in their 50's and 60's with emphysema than any other disease (with the exception of heart trouble).

For some unknown reason, this serious ailment is primarily a male disease. Men afflicted with it outnumber women almost 10 to one.

Age seems to be an important factor too. Very few people in their twenties and thirties develop emphysema. However, since the disease comes on so insidiously, a young man may overlook its vague symptoms of frequent fatigue . . . shortness of breath . . . and wheezing cough for many years.

These symptoms are caused by gradual changes that occur in the victim's chest. The lung tissue begins to lose its elasticity and is less efficient in absorbing oxygen, forcing the victim to breathe 20 to 30 times a minute (the normal person breathes 14 times a minute). Yet, he still doesn't get enough oxygen into his blood. As a result, his heart is also forced to work harder.

Eventually the lungs themselves become overextended, making it difficult to expel the stale carbon dioxide. At the same time, mucus keeps building up in the lungs, no matter how much the victim coughs.

What causes emphysema? No one knows for sure. But chemical irritants, industrial smoke and smog, coupled with respiratory ailments are high on the suspect list. So is smoking. In fact, if you smoke, your chances of dying from this chronic disease are 500 per cent greater than for non-smokers.

Unfortunately, there's no known cure for emphysema. But there ARE ways of living with this condition—just as with diabetes—if it's detected and treated early. Under medical supervision bronchial dilating drugs, antibiotics, oxygen therapy and specific breathing exercises help keep the victim of emphysema active and "on the job."

Since this disease doesn't strike suddenly, but creeps up slowly through the years take steps to avoid it:

1. Seek prompt medical attention for any respiratory ailment, sinus infection, prolonged or repeated chest colds, and chronic coughs. They all set the stage for emphysema.

2. Cultivate good breathing habits, good posture and daily exercise to keep your lungs healthy.

3. Above all, if you must smoke, smoke moderately.

HOW COFFEE AFFECTS
YOUR HEALTH

How much coffee do Americans drink?

We drink three times more coffee than soft drinks; four times more than beer; and 50 times more than hard liquor.

If you're among the eight out of 10 Americans who drink coffee, you're probably curious to know just how it affects your health. For example:

Does coffee have any physiological effect on the body? It certainly does. One or two cups of coffee will raise the temperature inside your stomach . . . make your heart beat faster . . . increase your basal metabolism rate . . . cause certain glands to become more active . . . and force your kidneys to produce and eliminate almost 100 per cent more urine.

Fortunately, no matter what kind of coffee you drink, most of these effects are short-lived and wear off within an hour.

Will it make you nervous? No. Medical scientists agree that coffee does not make people nervous—even if they drink five or more cups daily. The fact is, too much coffee is more likely to make you listless.

Does coffee prevent you from sleeping?

That depends. For the most part, it's mind over matter. Tests conducted at San Quentin prison revealed that people who drink one cup of coffee before retiring actually sleep better than those who do not drink coffee. On the other hand, those who drink two to three cups found it difficult to fall asleep.

Is coffee beneficial for certain ailments?

Definitely. Since coffee stimulates circulation, it often proves beneficial in treating congestive heart failure, a condition marked by sluggish circulation. It also helps to relieve asthmatic attacks by causing blood vessels in and around the heart to expand. In addition, it helps to relieve headache by shrinking blood vessels in the brain.

Is the caffeine content in coffee poisonous?

Yes, it is. But, when you swallow the caffeine in coffee, it does not act as a poison for it travels straight to the kidneys and is quickly eliminated. However, if it were injected into your brain, it could produce uncontrollable convulsions. Injected into your muscles, it could cause paralysis.

We Americans are the nuttiest people in the world. We buy expensive beds, with 8-inch springs, 10-inch inner-spring mattresses; top them with foam rubber covers and pillows—then lie awake all night worrying:

Sign on a garage: "We are known by the customers we keep."

DEATH NOTICES

CECIL L. BURNS

Cecil L. Burns, 35 years old of Bassett, Wisconsin, passed away Thursday, Sept. 8, 1966 in Kenosha Memorial hospital, Kenosha, Wis., after a lingering illness.

Mr. Burns was born Sept. 3, 1931 in Bristol Township, Wis., and lived in that area all of his life. He was a member of Kenosha Local 1315 of International Longshoremen's Association. He worked as a longshoreman in Kenosha for the past 6 years until his illness.

Survivors are his wife Patricia (Nee Wilson) 2 sons, Patrick and Mark, both at home; three daughters, Verla, Maureen and Tracy Ann, all at home; three brothers, Lester of Prairie, Miss; Jack of Bristol, Wis.; Archie of Trevor; two sisters, Mrs. Gene (Lucille) Sheahan (Kassville, Wis.), Mrs. Edward (Velma) Dunford, Burlington, Wis.; his parents, Mr. and Mrs. Roy Burns of Preston, Iowa.

Funeral services were held at 1:30 p.m. Sept. 12, at the Strang Funeral Home, Antioch, Ill. The Rev. Alvin O. Plinke of Christ Lutheran Church, Paddock Lake, Wis., officiated. Interment was in Liberty Cemetery north of Antioch.

Survivors are his wife, Helen (nee Elsfelder) Gudjonis, two sons, Joseph and Bruce, both at home; his father, Joseph Gudjonis, Oak Lawn, Ill., a brother, Alfonso, Chicago.

Friends called at the Strang Funeral Home in Antioch from 3 p.m. until 10 p.m. on Wednesday. He will rest at the Phillips Funeral Home, 3307 S. Luthanica in Chicago after 3:00 p.m. today (Thursday), with the funeral being held from the Phillips Funeral home at 10 a.m. on Friday. Interment will be in a Chicago cemetery.

Survivors are a son, William J. Walsh, Ormond Beach, Florida, and a granddaughter, Mrs. Erin M. Dienstag, San Francisco, Calif. A visitation was held at

Gov. Otto Kerner has announced that Clarence Klassen, technical secretary of the Illinois Sanitary Water Board, has been selected by Secretary of Interior Stewart Udall as a member of the study team on water pollution control for the United States-German Cooperative Program in Natural Resources and Environmental Pollution Control.

A study tour of Germany is planned for this U.S. Water Pollution Control Team early in September following its participation in the International Conference on Water Pollution Control Research in Munich.

The eight-man U.S. team will be made up from representatives of industry and university, federal, state and interstate agencies. Klassen will be the state government representative.

President Lyndon B. Johnson recommended the formation of such a team to study mutual problems in natural resources, environmental pollution and to exchange personnel, information and technology as a part of the total U.S.-German cooperative effort.

The German team plans to visit the United States early in 1967 to study environmental control programs in this country.

The right foot should be rested lightly on the brake pedal when approaching "blind" corners or intersections.

Mrs. Roy Burns of Preston, Iowa.

Funeral services were held at 1:30 p.m. Sept. 12, at the Strang Funeral Home, Antioch, Ill. The Rev. Alvin O. Plinke of Christ Lutheran Church, Paddock Lake, Wis., officiated. Interment was in Liberty Cemetery north of Antioch.

Truck Co. Dodged Illinois License Fees, Says Powell

Springfield, Ill., Sept. 8—A five-month long investigation by Secretary of State Paul Powell's office into the truck licensing procedures of Sims Motor Transport Lines, Inc., of Riverdale resulted in the request that the company pay the state \$89,723.03 in 1966 truck license fees.

Secretary Powell also announced he has directed the Auditing Section of his office to investigate the firm's payment of truck license fees in past years to determine whether additional fees are owed to the state.

The investigation, begun last April, revealed that the Sims company is not an Indiana corporation, with its principal place of business in Bloomington, Ind., as it had claimed, but is actually an Illinois operator with its principal place of business in Riverdale, Mr. Powell said.

The company's fleet of 307

units has been licensed in Indiana, with the exception of 23 units which were licensed in Illinois under the pro-rate program. Last May 4, Secretary Powell revoked the reciprocity plates issued to the company, but its vehicles were permitted to continue operating following presentation to the Secretary's office of a certificate of deposit in the amount of \$205,000, pending the outcome of the audit of the company's operations and a formal hearing.

The final determination showed that the company owed the state \$128,804.78 in 1966 license fees, of which \$25,407.75 had already been paid under the pro-rate program. The total was further reduced by \$13,074 because at the formal hearing it was disclosed that 12 of the units listed were duplicates.

The company has the option of paying the \$89,723.03 to the state and receiving in return its full certificate of deposit for \$205,000, or having the amount owed to the state deducted from the certificate of deposit and the balance refunded, Secretary Powell said.

Avon Players Start 10th Season

The Avon Players begin their 10th season with the production, "Love Is Contagious," to be presented Nov. 4, 5 and 6. Author of the play is Patricia Lain.

"Critics' Choice" by Ira Levine will be staged Feb. 10, 11 and 12. "Dear Me, the Sky Is Falling," by Leonard Spiegelgass will be next on April 28, 29 and 30.

The plays will be presented at the Avon Auditorium, on Route 83 three miles north of Grayslake. Curtain time is 8:30 p.m.

A needed invention—brakes that get tight when the driver does.

Shortage of Teachers In Ill. Schools

A survey of the teacher shortage in Illinois public school districts outside Chicago was conducted by the Illinois Education Association recently and disclosed 742 vacancies in 360 districts.

L. Gehl Patton, IEA relations director, indicated that the current shortage is the greatest in years. Vacancies were reported in 234 unit districts (grades 1 through 12), 68 high school districts and 58 elementary districts. These returns, Patton explained, do not indicate the trouble encountered by school administrators in filling teacher positions. The situation is more serious than the total figures imply, Patton said, when one considers that 300 districts did not reply.

Elementary schools registered the greatest number of vacancies with a total of 236. In unit and high school districts the greatest need for teachers seems to exist in industrial arts, guidance and mathematics. Noticeable shortages were reported in science and physical education. The shortage of librarians and reading teachers continues, with the greatest number of vacancies listed for remedial reading.

Several reasons are believed responsible for the current teacher shortage. New programs developed by the federal government draw teachers; manpower demand of the draft and military service take their toll, and many change employment to seek more desirable ways of making a livelihood.

Straight answers and full truths about electric heat

(for the people who plan to buy or build this year)

Frank answers about electric heat for those of you who are planning to spend 20 thousand dollars, or more, for a new home that you'll probably live in for the next 10 or 20 years. You owe it to yourself to investigate the many advantages of electric heat.

As a background, you should know there are 8 million people in the United States now living in electrically heated homes. Estimates indicate that this year 27% of homes being built will have electric heat. And, by 1970, over half of all new homes will be heated electrically.

Let's look into the why's and wherefore's.

Just how happily can you live with electric heat?

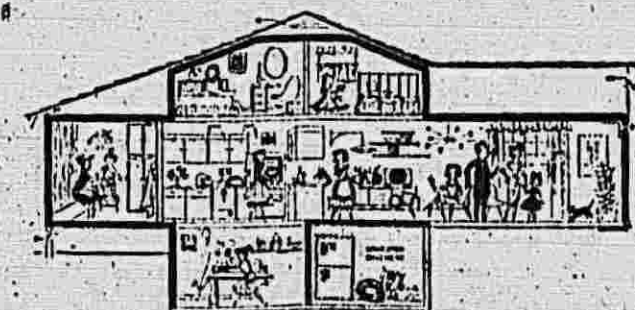

Properly installed, the comfort and convenience of electric heat far surpasses anything you've ever experienced before.

For example: you can step from your shower in the dead of winter and still feel warm. Baby can play on the floor when it's 20 below outside, and not be chilled. You'll even discover yourself cleaning less because electric heat is so dirt-free.

Proper installation assures comfort

Commonwealth Edison will be pleased to consult with your architect or contractor to assure that your electric heating system is designed for your house and installed in accordance with approved engineering standards.

Insulation should also be installed ac-

Heavy black line indicates proper insulation.

ording to recommended standards. When an average six-room house is properly insulated at the time of construction, it will add less than 1% to the total cost. Good insulation will not only repay this investment in less than 4 years by cutting heat loss, but will add greatly to your comfort. And in the summer your home will be cooler, too.

With electric heat, you can pick the type of heat you want for your new home.

There are 5 basic types of flameless electric heating equipment. Depending on your heating requirements, one system can be used separately, or several may be teamed together.

If space is at a premium, or you want room-by-room temperature control, electric baseboard units or ceiling cable probably will work best.

The electric heat pump either heats or cools, depending on the outside temperature.

Electric central heating systems which use electrically-heated warm air or electrically-heated hot water are available in a variety of types to fit any need. They can be combined with electric central air-conditioning systems to provide year-round comfort.

Electric wall panel heaters provide radiant heat and are best suited for bath and dressing rooms or other areas where space is limited.

What about the cost of electric heat?

All things considered, electric heat will probably cost you somewhat more than gas heat. For example, you should expect to spend about \$200 per year for electric heat in a properly insulated six-room house—or about \$60 more than gas heat. This does not take into account maintenance and decorating savings with electric heat.

However, electric heat rates have steadily declined. Since 1958, Commonwealth Edison has reduced electric heat

rates more than 50% and still further reductions are expected for the future.

Electric Heat is designed to outlast your mortgage (even if it's for 30 years).

After 15 years of operation, during which you would have little, if any, maintenance, look what has happened to your friend with gas heat. During this same 15 years, chances are he will have replaced his furnace (at \$300)—paid out another \$40 to run the pilot light 15 summers; and paid an additional \$225 for furnace cleaning, maintenance, and a big supply of filters.

Electric heat's great for growing families, too.

How many of your friends have outgrown their homes a few short years after they bought them? They plan to add a room or two, and come face-to-face with the old bugaboo—heating the new area.

With gas, frequently they must buy a new and bigger furnace or settle for less-than-satisfactory space heaters. Not so with electric heat. You add as much heating capacity as you need to your new wing almost as simply and inexpensively as adding new wiring.

That's the story!

Anyone about to spend the money a house costs these days ought to know he's spending his money wisely.

We happen to think that your heating dollar will be far better invested in modern electric heat, and we've tried to show you why.

If you'd like more information about electric heat, please call our nearest office.

FAMILY OUTING FOR CUB PACK 80

Cub Pack No. 80 of Grass Lake held a family outing at 1:30 p.m. Sunday, August 28 at Chain O' Lakes State Park. Cub Scouts taking part were Billy Beese, Larry Yopp, Ken Cerk, Randy Vaughn, Mike Vaughn, Jack Wojnowiak and Bradley Partlow and their families.

PACK 81 GIVES AWARDS

Cub Scout Pack No. 81 held their monthly meeting at the home of Mrs. Heilegeist, 1315 Cedar Lake Road, Lake Villa.

Awards were given to Jerry Richardson, 2 Silver Arrows and Bob Peters, 1 Silver Arrow. Den Mother Jean Richardson and Cub Scout Ron Richardson were both awarded the three-year pin.

Two new Den Mothers, Mrs. McLeod for Den 1 and Mrs. Heilegeist for Den 2, were introduced and registered.

Employees Honored On 10th Anniversary

Rudolph Strametz, Rt. 1, Antioch, is one of 42 employees of Goodyear Tire & Rubber Co., of North Chicago who will be honored as veteran employees.

This is the 10th anniversary of the opening of the North Chicago plant. The 42 employees who are being honored by the company have been employed continuously since 1956.

It's a simple matter of statistics that night driving is more hazardous than daytime driving.

Oakland PTA Hears Talk On Traffic

Harold Scheskie, Republican candidate for sheriff on leave from the sheriff's department, was the guest speaker at Monday night's meeting of Oakland PTA. Scheskie showed slides of serious accidents and explained the circumstances under which each had occurred. He stressed the fact that most accidents were a result of not obeying traffic laws.

There was a good turnout for the first meeting of the year with almost 100 in attendance. A tentative budget for the year was discussed, also future programs.

The teachers were introduced by Superintendent Richard Whitacre, as was Oakland's new principal and his wife, Mr. and Mrs. Harold Romaine.

It was announced that Mrs. Vandermeer, Room Mother chairman, needs room mothers for the following classes: kindergarten, a.m., 1st grade (Mrs. Dix); 2nd, Mrs. Taylor; 4th, Mrs. Sheldon; 5th, Mr. Andreas, and all 6th and 7th. Any mother interested may call Mrs. Vandermeer at 395-0394.

Refreshments were served by 8th grade mothers, Mesdames Mary Wells, Eunice Rathmann, Ruth White, Virginia Roberson, Lois Doolittle and Joann Schoetzel.

Cheryl Lee Ptack

Engaged

Mr. and Mrs. George Ptack of Antioch announce the engagement of their daughter, Cheryl Lee, to Larry L. Hansen, son of Mr. and Mrs. Leland Hansen of Lindenhurst.

An engagement party was held at the Ptack residence on September 3, with members of the family and friends attending.

Miss Ptack and Mr. Hansen are both graduates of Antioch High School. A wedding date has not been set.

Y-MOTHERS OF TWINS MEET

The Y-Mothers of Twins Club will hold its monthly meeting Thursday, Sept. 16, at 8 p.m. The mothers will meet in the lounge of the Y.W.C.A. at 445 N. Genesee St. in Waukegan.

Guest speaker for the evening will be Mrs. Crowder, representative for Merle Norman cosmetics. Mrs. Crowder will discuss the proper application of cosmetics.

All mothers of twins are invited to attend. Refreshments will be served following the program.

Social Gathering For Parents And Teachers At St. Peters

A "Get Acquainted" meeting for parents of children attending St. Peter's School and teachers will be held in the Family Room of the Social Center at St. Peter's at 7:30 p.m. Tuesday, Sept. 20. Purpose of the meeting is

to strengthen the lines of communication between the home and the school. The faculty feels that a social gathering "is an efficacious and enjoyable way to accomplish this end." Refreshments will be served in the cafeteria.

Millburn News

By Mrs. Frank Edwards
Elliot 6-5795

Regular services at Millburn Congregational Church Sunday, Sept. 18: Church and Sunday School at 10 a.m.

The 23rd annual Home Sunday was held at Millburn Church Sunday after the church services all enjoyed the pot-luck dinner.

The Devotional Study Group met Thursday morning at the home of Mrs. Vera Ruchman. The next meeting will be held on Thursday morning, Sept. 22, at the home of Mrs. Harley Clark.

The Fall Thrift Sale will be held Saturday, Sept. 17, at 9:00 a.m. to 3:00 p.m. Proceeds will go to the building fund. All articles to be at the church the evening of Sept. 16. Articles for the bake sale should be brought to the church the morning of the sale, Sept. 17.

Mr. and Mrs. Robert Smith of Libertyville spent Monday evening at the home of Mrs. Frank Edwards.

Mrs. Frank Hauser was a dinner and supper guest at the home of Mr. and Mrs. Clarence Hauser, Sunday. The occasion was a birthday party for her two granddaughters.

Mr. and Mrs. Rex Fleming of Chicago were dinner guests at the home of Mrs. Harley Clark Friday after dinner Mr. and Mrs. Fleming and Mrs. Clark spent the afternoon at the home of Mr. and Mrs. James Bonner of Kansasville, Wis.

Mr. Harrie Tillotson who suffered a stroke a few weeks ago, is slowly improving at the home of his daughter in Port Washington.

A.G.S. P.T.A. To Meet Monday

The Antioch Grade School PTA will hold its first meeting this year on Monday, September 19, at 8:00 p.m.

The program will be presented by Dan Duganski and Jim Fields, members of the Antioch Rescue Squad. Featured in the program will be their doll, Rescuee Anne, which is used to demonstrate life saving techniques.

During the program the board members and the faculty will be introduced. Refreshments will be served by the eighth grade room mothers.

OUT-OF-TOWN VISITORS

Mr. and Mrs. C. W. Wikoff and family, Joan and Bob, of Urbana, spent Labor Day weekend with Mrs. Wikoff's mother, Mrs. Joseph J. Rhymer, of Antioch. They also called on relatives in Waukegan and Grayslake.

Where The Boys Are

By Lillian Birdsall

SAN DIEGO, Calif.—Seaman Recruit Robert J. Rapp, USN, son of Mr. and Mrs. John F. Rapp of Route 1, Antioch, has been graduated from nine weeks of Navy basic training at the Naval Training Center in San Diego.

GREAT LAKES, Ill.—Seaman Recruit Ronald C. Burrell, 17, USN, son of Mr. and Mrs. Charles L. Burrell of Route 2, Antioch, has been graduated from nine weeks of Navy basic training at the Naval Training Center at Great Lakes.

Fall Fashions At Home Bureau Show

"Simplicity Is... Something for Everyone" will be the theme of the Lake Region Home Bureau Fashion Show to be held on Sept. 20 at 8 p.m. in the Antioch Grade School auditorium.

Twenty-five or more fashions include a selection for everyone and highlights the latest in fabrics and colors. Styles will be shown for daytime activities, leisure and special evening occasions. Refreshments will be served.

Square Dance Club Schedules Lessons

The annual square dancing lessons of the Lake Promenaders Club will start at 8 p.m. Tuesday, Sept. 27, at the Grayslake High School cafeteria.

Lennie Ross, caller and instructor, will conduct the lessons. The lesson on Sept. 27 is free and the public is invited.

Refreshments will be served. For further information, write to G. Crichton, 430 N. Rt. 59, Lake Villa.

Campus News

Dolores Anderson, 1966 graduate of Antioch High School, is attending MacMurray College in Jacksonville, Illinois, where she is majoring in Education of the Mentally Handicapped.

Dolores is the daughter of Mr. and Mrs. Charles Anderson of Antioch.

Got the itch to switch to Gas heat?

We'll put up the scratch

There's no need to let the lack of ready cash stand in your way of enjoying today's greatest heating bargain.

The reason? We'll finance your conversion to gas heat through your heating contractor.

You'll make no down payment. Have up to 5 years to pay. And payments will be as low as \$3 a month.

Your heating contractor will handle the simple details of application for financing, and make the changeover to gas heat at your convenience, usually in a single day. You can begin enjoying gas space heat immediately!

Nothing could be easier. And nothing could make more sense. For gas is clean, economical, and comfortable. The supply is unaffected by winter

snows and storms. And—unlike other heating systems—a gas heater does not suffer equipment fatigue.

So switch to gas. Call your heating contractor for details. Before cold weather sets in.

GAS—Your biggest heating bargain.

	Annual Heating Costs*	Savings with Gas
Gas	\$132	\$
Oil	224	92
Coal (hand-fired)	229	97
Electric (resistance)	449	317

*Fuel costs for typical, insulated home with basement.

Policy committee for the Grove School Head Start program meets every other Monday night at the school at 40 East Old Mill Rd., Lake Forest. Parents interested in year round Head Start may come to the meeting. Back row: Mrs. Howard Wright, Gurnee, chairman; James Orna, Waukegan, and L. H. Singleton, chairman for Lake County. Front row: Mrs. Gerald Willis, Grayslake; Mrs. Bertha Dennison, Lake Forest; Mrs. Santa Cummings, Deerfield and Mrs. R. M. Hendricks, Great Lakes.

Grove School Carries On Head Start

Head Start children who qualified for the Grove School summer Head Start program during the past summer will continue their education at the school this winter under the Head Start Mothers and the Grove School Board.

Year round Head Start funds are still bogged down in the Congressional Committee but the parent enthusiasm for a Montessori-type learning program coupled with beautiful Lake Forest campus was so pressing that The Grove School Board agreed to open its doors long before the program can be funded by the Lake County Community Action Program and even if funds are held up for months.

The children will attend school without charge. Navy officials are being asked to help with transportation, swimming and medical care for children from Great

Lakes. Local communities and parents will help other children. The parents are contributing time and labor for The Grove School Building renovation projects.

The Grove School Board will provide teachers and space for the children, it was announced by Mr. Gilbert H. Barner, Lake Forest, Chairman of the Board.

Thirty-two children have already been signed up by the mother recruiters led by Mrs. Donald Wehage, Great Lakes. A maximum of forty-five children can be accepted.

McClory To Address GOP Women's Club

All women are invited to hear Congressman Robert McClory's Washington report including a discussion of Viet Nam and related Presidential briefings, inflation and the high cost of living, and poverty with the Republican party's constructive proposals, to be given at the Republican Round-up sponsored by the 12th Congressional District Women's Republican Club.

The barbecue buffet luncheon will be held at Fox Trails Sports Area, near Cary, on Monday, September 19th at 12:30 (social hour at 11:30). Casual dress with flats are suggested for touring the area. Prizes will be presented.

Mrs. Arthur Jenner of Crystal Lake is general chairman of the event and Mrs. Henry Nell, 1601 W. Sunny-side Beach, McHenry, is ticket chairman.

Deadline for reservations is Sept. 14.

Nothing gives a man more leisure than always being punctual for appointments.

GOP Women To Hear Sen. Arrington

The Lake County Republican Central Committee is sponsoring its second annual Women's Leadership Conference at Illinois Beach State Park Lodge at Zion, on Wed., Sept. 21.

According to County Chairman Robert J. Milton, the planning committee is headed by Mrs. Richard C. Reed, Deerfield, Lake County Republican Chairwoman. Mrs. Reed has announced that principal speakers will include State Senate Majority Leader Russell Arrington of Evanston and Mrs. A. L. Warner, Glen Ellyn, former vice chairman of the Republican State Central Committee.

The all day conference schedule will also include luncheon, discussion groups on current state and national issues and techniques of precinct organization.

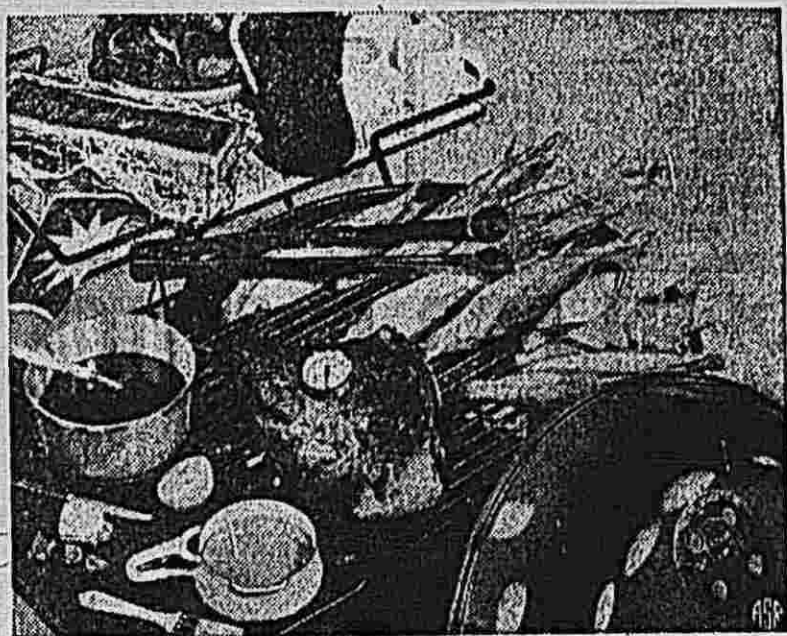

Adult Sewing Course At Central High

A Home Economics course in basic dressmaking, with special attention to fitting problems, will be offered in an adult evening school course at Central High School in Salem. The course will start Thursday, Sept. 22 and continue until Nov. 17.

Mrs. Mary Polley will instruct the series of eight lessons. Class hours will be from 8 p.m. to 10 p.m. in the sewing room of the school. No fee is charged.

It takes a full half second—the time it takes a car to travel 14 feet at 20 miles per hour—to move the right foot from the gas pedal to the brake.

Covered Kettle Rib Roast

There are roasts and roasts, but practically since the time of Adam, the rib variety seems to be men's favorite dish. It is thoroughly enjoyed, of course, by women as well, but generally it calls for a man's carving knife and masculine appreciation. Now, it can even boast the hearty flavor of masculine cooking. A covered barbecue kettle does the trick.

These days, without being underfoot in milady's kitchen, the man of the house can show off his culinary art in his own backyard to company. Indirect cooking by reflected heat of the covered barbecue kettle permits the amateur male chef to turn out a deluxe standing rib beef roast rather than the usual barbecue fare of hamburgers, hot dogs or plain steak.

Covered Kettle Rib Roast

Standing rib beef roast, at least 5 pounds.

(Allow one pound for each adult.)

1/4 cup peanut oil 1/2 cup white wine or

4-6 peppercorns, crushed 1/2 cup water

1 teaspoon salt Meat thermometer

For best results, select a roast of at least two ribs. Be sure meat reaches room temperature before cooking. Rub outside of roast with peanut oil and season with salt and coarsely ground pepper. Insert meat thermometer in solid portion of the meat. Avoid touching any fat or bone for true reading. Place 25 charcoal briquettes on each side of the barbecue kettle tray. Place roast to grill directly over the foil pan; put on kettle cover and start to cook. Allow 15 minutes per pound cooking time. Every hour add eight briquettes to each side of the fire.

To make sauce, discard the fat from the dripping pan. To the remaining juices add the white wine, or 1/2 cup of water, and salt and pepper to taste. Stir and scrape the pan. Stir in carving juices, and heat without boiling. Allow the roast to stand at room temperature for 15 to 20 minutes after it is done, before carving.

To Discuss Small Ponds

A symposium on the design, use and management of small ponds and lakes is being sponsored jointly by the Lake County and the North Cook County Soil and Water Conservation Districts.

The meeting is planned for Monday night, Sept. 26 at 8 p.m. at the St. Matthew Lutheran School gym on McHenry Road north of Lake Zurich.

Elmer L. Smith, Agricultural specialist with Caterpillar Tractor Co., will be the featured speaker. He is an expert in the need and importance of ponds and lakes.

Other speakers will include Ralph Synnestvedt, Jr. of Synnestvedt and Associates Nursery at Glenview. He will discuss landscaping aspects around a pond area.

Synnestvedt, a well known Conservationist, will point out some of the designs and methods of constructing a pond.

Paul Fitzgerald, Office Manager of the Cook County A.S.C.S. program will explain opportunities for receiving Federal cost sharing to build ponds.

Pat Aspin, Safety Specialist from the Country Mutual Insurance Co. will emphasize the importance of safety and discuss property owners' liability in having a pond.

William Hayden of Antioch, who has two ponds on his property, will discuss the recreational uses he has made of the ponds.

Bruce Muench of the State Department of Conservation will talk about the biology of the pond.

The need for weed control and maintenance of ponds will be discussed by Vern Gove of Gurnee.

Anyone interested in water management, construction of ponds and lakes, and their maintenance, or solutions to problems about ponds and lakes is invited to attend this meeting.

Doctor Should Check Persistent Headaches

Chicago, Ill. (WMNS)—Prolonged self-treatment of headache with across-the-counter drugs is unwise, the American Medical Association warned recently, because such medications may mask symptoms of a more serious nature.

The occasional headache everyday living is among the most common complaints of 20th century man, according to the AMA. But other types of headache may be of more serious origin. Some chronic headaches may be caused by psychological problems or may signal a brain problem; some may be due to diseases of the nerves leading to the head and face; others may be caused by ear, nose, throat, or sinus infections.

For these reasons, says the AMA, any persistent or chronic headache had best be investigated by a physician who can then prescribe the most appropriate treatment.

HEAD START TOPS

Gov. Otto Kerner has announced that Illinois leads the nation in the number of pre-school children enrolled in Head Start programs for summer 1966.

Final official statistics released by the Office of Economic Opportunity in Washington, D.C., indicate that Illinois has a total of 35,777 boys and girls enrolled in summer programs across the state.

Federal funds, including all adjustments in programs locally, total \$5,137,569 now at work in Head Start in Illinois for the summer program.

Project Head Start, sponsored by local community action committees and other not-for-profit agencies, is a pre-school training program. Staffing the summer program are 2,941 volunteers, 2,085 professionals, and 2,121 persons employed from the areas served. The children are being helped in 970 classes across the state.

ANNUAL FALL DINNER AT MILLBURN

The Millburn Chapter, Order of the Eastern Star will serve their annual fall dinner Saturday, Sept. 17. The dinner, featuring roast beef is open to the public. Dinner will be served from 5 to 8 p.m. at the Millburn Masonic Temple, Rte. 45 and Wadsworth Road. A bake sale will be sponsored by the Past Matrons Club.

Dr. Sims Says—

ARE YOU BOTHERED BY PRURITUS?

Ever hear of "pruritus"? Although you may not be familiar with this name, you've undoubtedly been its victim—and frequently. In fact, every time you've had an itch, you see, pruritus is the technical name for any and every type of itch.

This irritating skin condition may be caused by a great many things. In the summertime, your air conditioning unit may be the villain. For air conditioners not only refrigerate the air, but dry the atmosphere as well. As a result, the humidity is too low to provide the skin with the moisture it needs. Thus, the skin develops an "air conditioning" dermatitis.

In the winter time your heating system may be to blame, for it too dries out the atmosphere, robbing your skin of moisture. Sometimes pruritus may be due to your occupation. For example: Washerwoman's itch—usually caused by alkalis in soaps. Baker's itch—due to bleaching agents in flour, organisms in yeast or oils in flavoring agents. Bricklayer's itch—caused by the lime content in cement. Grain itch—due to mites (tiny bugs) that infest grain. Mites that burrow under the skin are also the cause of scabies, more popularly known as "The Seven-Year Itch."

Perhaps the most common cause of itching is woolen clothing. You see, wool not only irritates the skin, but also reduces perspiration needed to keep the skin moist.

How can you relieve intense itching? Bathe the area in lukewarm water containing a cup of starch, bran or oatmeal. Applications of calamine lotion with oil and cool compresses will help too. Whatever you do, resist that urge to scratch. It could cause inflammation or even infection.

If you encounter persistent itching, and can't determine an offending agent, don't hesitate to consult your doctor. It could signal such serious disorders as blood, liver and kidney diseases, as well as diabetes.

Good "road manners" will prevent accidents! They should be observed by all drivers. Remember, the "Golden Rule" in traffic means that you will treat other drivers as you wish to be treated. Courteous driving costs nothing and it will save lives!

CHRISTIAN SCIENCE CHURCHES

A Lesson-Sermon on "Matter" will be presented at Christian Science churches this Sunday.

The Golden Text is from Jeremiah: "Truly in vain is salvation hoped for from the hills, and from the multitude of mountains: truly in the Lord our God is the salvation of Israel."

From the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following passages will be considered:

"Nothing we can say or believe regarding matter is immortal, for matter is temporal and is therefore a mortal phenomenon, a human concept, sometimes beautiful, always erroneous. . . . The crude creations of mortal thought must finally give place to the glorious forms which we sometimes behold in the camera of divine Mind, when the mental picture is spiritual and eternal."

Announce Delegates

Avery A. Vose, Rt. 2, Antioch, president of the Pure Milk Association, has announced that at least 14 dairy farm leaders from this area are among 236 PMA delegates from Illinois, Wisconsin and Indiana presently scheduled to serve as voting delegates at the association's annual fall delegate meeting September 24 at Pheasant Run Lodge near St. Charles, Illinois.

The 14 are from District 6 of Pure Milk Association which includes almost 650 dairy farmers in Boone, Kane, Cook, Lake and McHenry counties and Kenosha and Walworth counties in Wisconsin.

Show To Feature Barbershop Quartets

"Barbershop Americana" this quartet on last year's show." Also appearing on the Barbershop Americana show are the Gold Coast Four winners of the recent Area Quartet Contest, and the Four Fanatics, who appeared on the 1964 Little Fort Chapter show.

The Afterglow (an informal, show-after-the-show) will be held at VFW Hall, 124 S. Utica St., Waukegan. Tickets for the Afterglow may not be obtained without purchase of show tickets.

Tickets for both Show and Afterglow are available from any Little Fort Chapter member or at the box office before showtime, (8:00 p.m.) on Sept. 16.

This week's Christian Science program

September 18, 1966

Will the coming school year be less frantic? Will it be a richer experience . . . more rewarding? It's basically a question of motives and attitudes, and where you turn for ability to meet the challenges. A deeper spiritual approach can make all the difference in school and college work. Listen Sunday, September 18 for the conclusion of an inspiring program, titled "FACING UP TO A NEW SCHOOL YEAR" — Part II.

Chase's Service Station at Channel Lake, recently built to replace the former station, moved when Lake Ave. was re-routed.

New Station Is Bigger & Better

The re-routing of Lake Ave. at Channel Lake forced Chase's Service Station to move recently from the spot where they had done business for 25 years. They've built a new station slightly south-east of the old one, bigger and more modern than the old one.

Work on Lake Ave. was started last year, and completed this summer. The road was widened, re-paved, and the road re-routed to exit onto Route 173 at the spot where Chase's Station formerly stood.

The new station is a modern building of glass and

brick, covering about 6,000 square feet. The building is heated by radiant heating in heat overhead.

The door of the service area operates electrically, and each time the door is opened the fan switches on automatically to warm the area.

There's room for 15 cars in the new garage, and three lifts for servicing, two one-post lifts and one two-post for trucks. Car-washing will be one of the services offered.

The service area is not quite finished. A grand opening is planned when all is complete, probably early in November.

Special Speaker At Fox Lake Church

Raid Harper of Hollywood, California, who is better known as "Mr. Texas" because he played the lead role in the Billy Graham film by that name, will be at the Fox Lake Baptist Church the last week of this month. The film "Mr. Texas" will be shown at the church on Sunday, September 25, at 7:00 and Mr. Harper will sing and speak each evening during the following week at 7:30. There will be services on Sunday, October 2, at 11 a.m., 3:00 and 7:00 p.m.

Mr. Harper grew up in Texas where he spent his early life riding in the saddle on the plains of that area. He later became an actor in Hollywood where he became a Christian through a Christian group and dedicated his life to God's service. After

three years with Billy Graham he has conducted his own crusades and is warmly received where he goes.

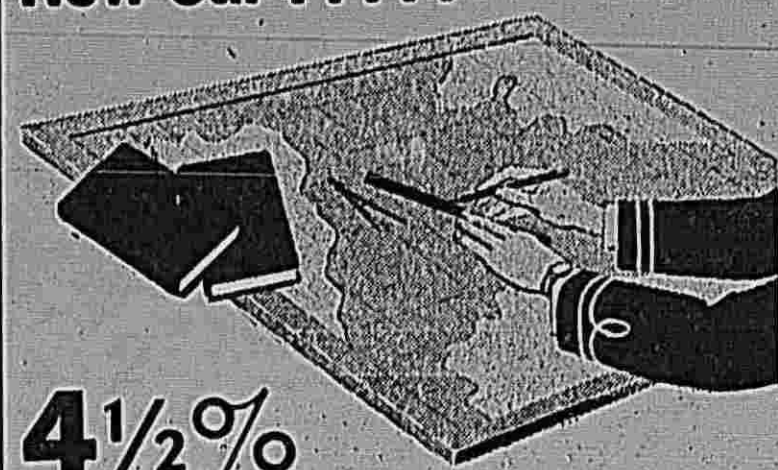

Mr. Harper has written a number of gospel songs, of which the most prominent are "Each Step of the Way," and "Lord, Keep Your Hand on Me."

THE ANTIOCH NEWS 6

THURSDAY, SEPT. 15, 1966

In addition to his singing with his guitar and speaking each evening there will be other features such as the showing of a number of other films in which he has played the leading role.

Sequoit gridders have been working hard, getting ready for the season's opener Saturday. Here the boys were practicing one of their plays.

Sequoit Gridders Open Season Sat.

The Sequoit gridders open the football season at Antioch High Saturday with a non-conference game against St. Mary's of Burlington. The game will start at 2 p.m. at the Antioch High School athletic field, with no preliminary game.

Antioch's squad held an intra-squad scrimmage last Saturday morning under game conditions. The white squad scored four touchdowns to on TD for the green squad.

After the Saturday work-

out, Coach Roy Nelson said the scrimmage showed that the team "must polish-up on blocking and timing." Some of the boys who did a good job on offense were Tim Osmond, senior, at end; Mike Mazer, junior, a tackle; Gregg Drijie, junior, line-backer; Don Zeman, senior, quarter-back; Bill Sheldon and Jim Litchfield, senior half-backs; and Tyrone Walls, senior fullback.

Outstanding jobs were done by some of the members of the green squad:

Karl Jennrich, junior, end; Wayne Channell, senior, tackle; Steve Loblillo, senior, guard; Wayne Hansen, senior, fullback; and Larry Davis, junior, line-backer.

St. Mary's of Burlington defeated Palmyra 35-0 last Saturday. Coach Nelson assesses them as scrappy ball players, good blockers, with speed and power in the backfield. Gene Sheahan, senior fullback, was their leading rusher. Pat Suetana and Tony Baumeister have above average speed at halfback.

Gutche Wins Honors In Late Model Feature

Honors were well distributed Saturday night at the Waukegan Speedway as no double winners emerged from the large field of qualifiers. Harold Gutche drove a consistent race to take feature money while his major competition dropped by the wayside.

Red flags were the order of the nights as many restarts were required. The semi-feature was an example as time after time Frank Pinter's red flag halted the race before Willie Winchester won the event. Pete Brewer rolled over midway in the race but was uninjured.

SEPTEMBER CHAMPIONSHIP NEXT-SATURDAY

The September Championship races for the late model stock cars will be presented next Saturday night at the Waukegan Speedway. Another large field of cars is expected to be on hand as double championship points will be awarded in all events. In addition, the main event will be for 50 laps, plus another powder puff and a destruction derby are in store for the September Championship racing fans. Racing is scheduled to continue into

October at the Waukegan oval.

COSSMAN SWEEPS LATE MODELS

Roger Otto came through with his first feature win of the season Sunday night at the Waukegan Speedway as he nipped Billy "the Cat" Johnson at the finish line after 30 laps of thrilling modified racing. Jim Cossman turned in a clean sweep in the late model races, handily winning the feature.

MONROE, SUHM IN SPECTACULAR FLIP

Ken Monroe escaped injury in the semi-feature event when he and Tom Suhm tangled as five cars battled for third spot halfway through the race. Monroe's car turned over in the third turn and Suhm drove right over the flipping car, went nose-first into space and then crashed down to the track. Suhm's rear end was now pointed in the air, resting on Monroe's upside-down modified.

Jim Cossman dominated the rough and tumble late model races as he recorded another clean sweep, defeating Dennis Burgan and Norm Zenko in the feature. Zenko really challenged Burgan in the final lap of the late

Carmel Opens Grid Season

Carmel High School's Corsairs open their gridiron season Sunday, Sept. 18, against St. Mel's at Rockne Stadium on Central Ave. in Chicago. "Our team is young and inexperienced at certain positions, but has been undergoing hard and aggressive drills," said head coach Angelo Dabiero.

Early injuries have been a thorn in the side of the coaching staff. Rudy Magnaficchi and Ken Marsh, senior lettermen are temporarily out of action as is defensive halfback Mike Gerald.

The offensive line will be bolstered by tackles Rich Gedman and Bob Tekampe. In the backfield, senior quarterback Tom Stieffler will be joined by Mike Gavigan and Ken Autry at halfback and Hank Feddern at fullback. Coach Dabiero commented that the backs are running well for this early in the season.

Defensively, the Corsairs are paced by standouts Mark Mallette and Joe Brell on the line and Mike Wagner in the secondary. At line-backer the squad is somewhat inexperienced with seniors Mike Hoffman and Frank Ventrice, both of whom saw limited action last year.

St. Mel's has 12 returning varsity players, eight line-men and four backs.

Coach Angelo Dabiero says, "I expect it to be a hard-fought game. St. Mel's is experienced and aggressive."

People traveling to the game may take the Tri-State expressway to Eisenhower expressway, then to Central and south on Central two blocks.

Handy Shoe Bag

Hang a bright shoe bag on the wall of the recreation room. The pockets are just right for holding ping-pong balls, cards, score pads and game books, and you won't have to hunt for these small things.

Call 395-4111 for free ad.

Sequoit Harriers Are Strong Squad

The Sequoit Cross Country squad opened the season Tuesday night with a dual meet at North Chicago. There are 23 boys on the squad this year, six of them returning lettermen.

Coach Adrian Mueller, in his third cross country season at Antioch, says, "This year's squad is probably the strongest I have coached so far. Barring future injuries, I look for a real fine season." Dave White, one of last year's leading runners on the championship frosh-soph team, is out with a broken leg.

The two seniors on this year's team, Blaine Backman and Tom Doolittle, are the squad's co-captains. Other returning varsity lettermen are John Bjork, Bill Effinger, Mike Polley, all juniors; and sophomore Jim Maier. These six boys, plus junior Marty McConahay and sophomores Lynn Barthel and Bob Biaggi, complete the nucleus

News of Lakes Sports

THURSDAY, SEPT. 15, 1966 THE ANTIOCH NEWS 7

Bednar Stars In Last Game As Viet Nam Calls

The Lake County Rifles continued their winning ways Saturday by upending the CSFL Champions, Racine Raiders, 28-14, avenging two 1965 defeats handed them by the Belle City eleven.

The Lake Countians, remaining at the top of the heap of the CSFL southern division with a 4-0 record, entertain Joe Osmanski's Chicago Panthers at Weiss Field, Saturday evening at 8 p.m., Sept. 17.

The Rifles presented the game ball to end Jim Bednar. Bednar, a navy lieutenant, has been reassigned for Viet Nam duties. He played his last game with the county gridders, giving a spectacular performance. Jim caught three TD passes, amassing a total 213 yards. He also caught two others for TD's, only to have them called back. When Jim left the ball game for the last time, a capacity crowd applauded the Lake County receiver with a standing ovation.

The Rifles drew first blood in the game when their All-American quarterback Lew Flynn shot a 35 yard aerial to Bednar for the first score. Wayne Miller converted, and the locals grabbed a quick 7-0 first quarter lead.

In the second quarter, Flynn again unleashed another bomb to Bednar that was good for 58 yards and another score. The Rifles left the field with a halftime lead of 13-0.

The Raiders, displaying a spurt of comeback heroics, took the football after a Fifies punt and marched upfield behind the running of Larry Grimes and Frank Chambers. Chambers climaxed the drive with a short four-yard plunge and a TD. Pat Holton converted, and the Raiders closed the gap 13-7.

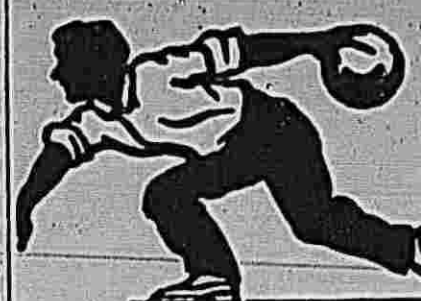

The Raiders' display of second half enthusiasm was short lived. Lew Flynn, having one of his finest nights at the Rifles help, tossed a short pass to Ron Curry, who ran through the entire Racine secondary for a 50 yard tally. The Rifles now lead 19-7. Getting their hands on the ball again, Flynn responded with his fourth TD pass of the evening to Jim Bednar, good for 35 yards. Miller converted, and the score was 26-7.

Racine's quarterback Jim Chippette, in the fourth quarter, began to find the mark, taking his chargers deep into enemy territory, and on an end sweep went into the end zone from three yards out. Holton's PAT was good, and the game ended 26-14.

The Rifles' defense led by Don Schmidt, Joe Smith, Fred Fabry, Bro Abrahamson, and Willie Smith held the Raiders to just 61 yards rushing. Their passing game was limited to 21 yards.

Rifles' running backs, Ron Curry and Bill Bodle, combined for 125 yards, with Curry getting 70 in 15 carries. Lew Flynn rolled up 396 yards through the air good for 4 TD's. He now has a league leading total of 12.

In other league action, the Elmhurst Travelers remain a game behind the Rifles, as they downed the Manitowoc Chiefs 21-10. Chicago and Sheboygan played a 19-19 tie, while West Allis and Madison were idle this week.

ANTIOCH TOWNSHIP LIBRARY

NICC Trap Shoot Sun.

The Northern Illinois Conservation Club will hold its monthly trap shoot Sunday, Sept. 18, starting at 10 a.m. and continuing to dark. The shoot is held at the club grounds west of Antioch.

Prizes to be won by sharp-shooting Nimrods include tender young chickens, steaks and loading components.

Included in the shooting contest will be white bird, protection and regular prize shoots as well as practice rounds.

Because a generous donor contributed a king-size ham to the NICC, shooters will get free ham sandwiches as long as the meat holds out. Hot and cold refreshments will be on tap all day long.

Estimated Tax Due Sept. 15th

If you are an individual and filed an estimated Federal income tax return, your third installment must be paid by September 15, according to District Director E. C. Coyle, Jr. of Internal Revenue in Chicago.

If changes have occurred in your income and exemptions, you may file an amended declaration of estimated tax. You will find a blank form to use in making out your amended return on the back of the bill which you received showing the amount of the installment due.

Document No. 5111, which contains detailed information on this subject, is available upon request from the Internal Revenue Service.

The NICC club grounds are three miles west of Antioch on Route 173.

Lindenhurst News

By Mrs. Bernice Bernau
Elliot 6-5649

Census Report
Noses were counted in Lindenhurst last Wednesday and Thursday with the five census takers finishing up Friday morning. A total of 2,096 names were taken, an increase of 323 more since the last special census was taken May 10, 1963. At that time Lindenhurst had a population of 1773. In 1960, a census showed there were 1,209 residents.

The idea back of the special census was to obtain more motor fuel tax income which is paid on a per capita basis. The enumerators received seven cents a head, averaging about \$40 each. **Lake County Medical Assistants Meeting**
The Lake County Medical Assistants Assn. will meet Wednesday, Sept. 21 at 8 p.m. at the office of Dr. E. R. Abderholden in Antioch.

Daniel Dugenske of Antioch, Red Cross First Aid instructor, will be guest speaker. He will have with him, "Resuscitate," a lifelike mannequin, jointly owned by the Antioch Rescue Squad and the Antioch Fire Department. He will present training methods and mouth-to-mouth artificial respiration and external heart massage. He will also conduct a question and answer period.

This is the second meeting held by the group, which was formed last month. Mrs. Hubert Bechtel, president, invites all medical assistants in Lake County to attend. Guests may attend two meetings without joining. **Lake County Chaplancy Service**
Mrs. Howard Spittle, 1800 Hazelwood, Lindenhurst, Mrs. Albert Jewel of Round Lake Beach, Mrs. Wallace Gann of Crooked Lake and Mrs. Robert Hammitt of Venetian Village were guests of Mrs. James Roberson of Antioch Saturday at a meeting of the Lake County Chaplancy Service, held at the Lamb's Restaurant in Libertyville on Route 176. Reports were given by the group of women who have banded together to visit inmates of the Lake County Home, Lake County Hospital and Tuberculosis Sanatorium, on a voluntary basis.

A talk illustrated by slides to show how the young people have improved since going to Lamb's, was given. Thirty-nine retarded young people, 16 to 35 years old operate the Lamb's Tea Room and Pet Shop, with the supervision of interested adults.

Rescue Squad Dance
The annual dance for the benefit of the Lake Villa Township Rescue Squad will be held Saturday, Sept. 17, at the Lindenhurst Civic Center on Old Elm Road. King Jaros and his orchestra will play for the event, which will raise funds for the new rescue squad building. Refreshments will be available.

Price of Peace Church
Catechism classes will

complete his basic training at Fort Polk, La. He left Sunday for Camp Hood, near Waco, Texas, where he will be in the motor pool as a mechanic.

Anniversaries
Congratulations to Fred and Anne Zandier on their 52nd wedding anniversary Sept. 9. Mr. and Mrs. George Barren on their 53rd anniversary Sept. 6. Dick and Pat Mauck 14 years on Sept. 15. Thurman and Karen St. John 2 years on Sept. 19.

Women's Club News
Mrs. Rae Gibbons, chairman of the Roanig 20's Dinner Dance, reported that \$167 was made on the affair. A check for that amount will be given to the Lindenhurst Men's Club to be used for

the Civic Center Building Fund.

Canasta Club News
Three tables of canasta were played when the Night-Owls played cards at Mrs. Betty Janaga's home last Friday evening. Prizes were awarded winners.

Arizona Vacation
Steve and Evelyn Krakowski and their daughter, Bonnie, spent two and a half weeks visiting their daughter, Mrs. Fred (Beverly) Reibert and her two year old son, Jimmy, in Scottsdale, Ariz. They arrived there on August 20, just in time to help their grandson celebrate his birthday.

start on Sunday, Sept. 18, after the 9:15 Mass for children of Prince of Peace parish. All children attending the public school must attend these classes for the whole eight years of grammar school.

The High School of Religion classes will start on Monday, September 19, at 7:30 p.m. Classes are over at 8:35 p.m.

The new Prince of Peace Lay Apostolate Discussion Club is getting ready to start a couple of groups this fall. All interested persons may call El 6-8657 for details.

Members of the Holy Name Society and the parish are making a Retreat at Stonebridge Priory in Lake Bluff Sept. 23 through 25. Reservations must be made prior to attending. For information, call El 6-8957. Father William D. Walsh, O. S. M., Coordinator, from Stonebridge Priory, spoke at all the Masses last Sunday, and told the need for men to attend.

Father David Lynch, pastor, was given a check from the Altar and Rosary Sodality at their meeting last week, to purchase whatever is needed for the church or school.

The ladies discussed changing the date when new officers would take office. They felt it would be more practical to take office at the beginning of the year, rather than at the June meeting. The two main money making projects are held in June and July, the rummage sale and the salad bar luncheon, placing a lot of responsibility on the new officers. It was shelved until next month.

Mrs. Charles Vrba, library chairman, reported that 80 new books had been donated to the church library.

Camping Trip
Bob and Marion Hammitt of Venetian Village spent five days camping at Wylusung, Wis. Their son, Bob, and Stan Sutherland drove up there on Friday and spent Sunday. This was Stan's first camping trip and he wasn't sure how he would like it but his initiators were veterans at it, and made it interesting for him. One of the campers killed a four foot timber rattler on the trail. This was the second one seen and killed in six years.

Home on Leave
Ronnie Kaufmann was home for two weeks after

completing his basic training at Fort Polk, La. He left Sunday for Camp Hood, near Waco, Texas, where he will be in the motor pool as a mechanic.

Anniversaries
Congratulations to Fred and Anne Zandier on their 52nd wedding anniversary Sept. 9. Mr. and Mrs. George Barren on their 53rd anniversary Sept. 6. Dick and Pat Mauck 14 years on Sept. 15. Thurman and Karen St. John 2 years on Sept. 19.

REMEMBER WHEN PRESERVES WERE DIFFICULT TO BUY?

You do, if you remember the 1920's.
In those days preserves were a seasonal item.
Not enough berries were grown
because producers didn't know how to keep them.

So, we sent an expert to the Northwest
(that's great berry country!), ~~who~~
who assisted the growers in developing
a method of freezing the berries as soon as they were harvested.

We experimented for a year.
The results were great.
Now, at last, we could buy enough quality berries
to make Ann Page Preserves available to everyone—all the time.

Today, we buy berries by the train-load.
We have to. Our Ann Page Preserves are that popular.
As a matter of fact, if you took a year's production
of Ann Page Preserves, Jams, and Jellies,
they would cover a piece of toast ten square miles in size.

Are Ann Page Preserves a good reason for shopping A&P?
They're one of many.
